

Welcome to QLIP: Quality, Leadership, Impact, and Partnership

In collaboration with London Youth and Mary's Youth Club, QLIP is committed to offering comprehensive support to youth organisations and practitioners across the borough. Our mission is to deliver high-quality youth work, empower youth workers and organisations, and effectively measure and share the incredible impact of the sector. Together, we aim to achieve outstanding outcomes for the youth of Islington!

Supervision

This program is tailored for Youth Work Managers and Senior Youth Workers (or similar roles) involved in delivering youth work programs and services in Islington. Specifically, it supports practitioners engaged in both direct delivery and line management of staff or volunteers.

Each supervision session lasts one hour and takes place monthly. Supervision provides a reflective space and an organic form of quality assurance, focusing on:

- Safeguarding young people
- Professional development
- Practitioner well-being

Training Opportunities

We offer a range of practical training topics, including:

- Risk assessment
 - Planning and delivering off-site activities
 - Running residentials
 - Public speaking and presentations
- and more!

For full details, visit our website. Excitingly, we can also provide bespoke training tailored to your organisation's needs!

Coffee with QLUP

These informal sessions last between one and two hours and are delivered hybrid for maximum flexibility. Join us while eating lunch or on the go!

These sessions bring together Islington practitioners to share:

- Research
- Professional experience
- Learned expertise
- Ideas, innovation, and collaboration

You can participate in the full session or just pop in for a while!

See our past sessions and resources on our website at qlip.org.uk/coffee.

Impact Measurement

Several tools have been developed in collaboration with Islington providers to help measure the impact of youth work. These tools, along with the latest impact report, are available on our website: www.qlip.org.uk.

How We Can Support You

We're here to support the fantastic work you're doing! Invite us for a coffee, a team meeting, or an activity/session.
